A Few Facts and a Little Free Advice, Which, If Followed, Will Make This Year a Record Breaker.

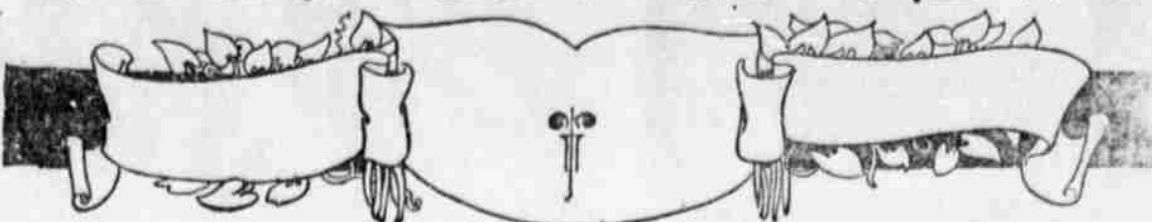

In all probability this is the next state to become densely populated. Many of its spirited little cities will become centers of trade, and of those which do, it will be because of the united efforts of the citizens in encouraging trade and other interests necessary to the growth of a town. We believe we are peculiarly well situated to be caught up in the tide and ride proudly forward on the topmost wave of prosperity. We should clear the shore of the breakwater of jealousy, discontent and discouragement. We should have strong faith in its possibilities and pull together with even and steady stroke. Our splendid school privileges, if advanced and maintained as they should be, will prove an incentive to draw. Another important feature is to advertise your city, speak good concerning it and show forth its excellencies. Save your money and when you spend it, spend it at home. Some of it will be sure to come back to you. When able to build, build at home and encourage your friends to do the same. Encourage everyone to come and live with us. During the past few years many strangers have settled with us through the encouragement of friends here. They are good citizens; they build or buy substantial homes, and take an active interest in the general welfare of the town. Keep your business to the front, and every interest of the town on the observatory, to be seen by the world.

We presume that every citizen of Beaver, is, or ought to be, desirous to see it advance, to see it improve, to see it advance in all the interests that pertain to a town of thrift and enterprise. Again we presume that if you, who live in your town, make no effort in this direction, who, if there are any benefits accruing therefrom would be the recipients thereof, we do not believe our neighbors, who have no particular interest in our welfare, would be so very mindful of us as to give us a boost by investing a few thousand dollars for our especial good, or starting any enterprise that would be for the upbuilding of our town. If a town is ever built up and placed in a growing condition it will be directly or indirectly due to those who live in it and if you wish to know the steps to be taken we will cite a few. Talk it up, its interests, its facilities and various adaptabilities to different branches of industry. Write about it, beautify its streets, invest your money in it, patronize its merchants and every enterprise started as far as it is at all consistent, elect good men to office, advertise in its newspapers, be courteous to those who come among you and never let an opportunity to speak a good word about it pass. Remember that every dollar you invest in a permanent improvement is that much money at interest and is that much to be added to your town.

There is no quicker way to take the life, growth, and energy out of a town than for its citizens to be constantly holding up the dark side of the picture to the gaze of the inquirer. The word "if" keeps everyone in doubt, and doubt keeps every man from going forward with the improvements he would otherwise make. There is nothing like confidence to make a success of anything and if you haven't got any of it, don't communicate the fact to your neighbor, much less to a stranger and if the best of your mind is to continually go against every interest of the town in which you live for the sake of the town get out of it and go to some place that is already lifeless and has no interests at stake, where you, like the old lady's root beer, if you don't do any good you won't do any harm.

NEIGHBORHOOD NEWS

District No. 24.

Well, here we are again. Lester Gilbert butchered a hog last Monday.

A large crowd attended church at Cottonwood Sunday night.

John Bonner and family, Mr. and Mrs. Wm. R. Wright and Mrs. Burnham and children visited at L. D. Goodwin Sunday.

W. S. Potter has his new cement house near completion.

Robert Wright purchased a horse of G. M. Jacobs recently.

Bro. Jewett of Laverne will commence a protracted meeting at the Bush Chapel Monday night, January 12th. Everybody invited to attend.

L. D. Goodwin and family visited relatives near Balke recently.

Chronic Constipation Cured.

"Five years ago I had the worst case of chronic constipation I ever knew of, and Chamberlain's Tablets cured me," writes S. F. Fish, Brooklyn, Mich. For sale by all dealers.

Clear Lake.

The snowstorm of December 26th brought a glad surprise to father and mother Danlop in the shape of their son Fletcher, who for sometime has been a resident of Colorado. All his friends were glad to see him but the gladness of gladness was for the dear mother, God bless our mothers and God bless the child who honors them.

Ed Lane was one of the first to rig up a sleigh and take his wife out for a sleigh ride.

Our groceryman and blacksmith took a run to Knowles today, December 30th, in Mr. Macy's car.

Messrs. Chas. Jenks and Chas. Gumm were callers at T. L. How's for feed.

Our hardware merchant, R. G. Dunlop, received quite a load of goods for spring trade. We love to see him stocking up.

When the news arrived that the school board at Clear Lake district 18 had refused the house for the Brick-Sturgeon debate the board of district No. 1 got busy and offered Calleyville school house and our hotel landlady, John Raiborn, offered the coal, such was the desire of our people to help the good work along.

We hope fighting is a thing of the past. We purpose in our hearts to be law-abiding citizens but there is too much sand in our craw to be run over. You tried once and found out. Now if you do not believe it, try once more and be convinced.

E. A. Macy has a farm near Marengo. He runs a garage at Knowles so has rented for 1914 and the new tenant has taken possession. Harry Jones joins Mr. Macy on the south. He was up at Mullinsville for alfalfa seed. Got here last night, December 29th, and left his load and went on home-roads were so very slick.

Snow is gone, roads are drying up fast. Quite a number are turning back on wheat, which looks extra well.

It is rumored that all the members of the Broomcorn Growers' Association are to drag their brush to the railroad and Mr. Bentler is to secure a buyer for the brush. Why not load it into cars and send it to St. Louis, where it is reported inferior brush is \$80.00 to \$100.00 per ton and extra good from \$140.00 to \$180.00?

Dec. 31, 1913. The clerk of School Board visited school today and found good behavior. School seemed to be in splendid running order. He was certainly glad to see again among our pupils Miss Hazel Mendenhall. Hazel is the granddaughter of one of our first merchants, Mrs. Mendenhall. "Grandma," as we all knew her, ran our hardware store for some time, her son-in-law, Fred Calley, ran the grocery store and Dode Mendenhall, our pool room, so we bid Hazel a thrice welcome to our school again. She is a good pupil and we all like her very much.

Harry Lane is running a slaughter house today, January 1st, 1914. His brother Ed was assistant. John Lane, his brother, who, for near a week, has been away on a visit has just returned and relieved his father, T. H., so Grandpa Lane spent the last night of 1913 at his son Ed's.

T. L. How was out making New Year calls. Called on his son's wife Elvie and she with her children was at her mother's. T. L. followed them up and spent a few pleasant moments. Tom

has been flying around in Ernest Brown's buggy but now has a rig of his own. It is a spring wagon that was deserted about one-half mile north of Sand creek school house. It was drayed to his son Arthur's. Mr. How now has it and the owner can call and get it at any time one-half mile east of here. Just judging from its looks, Tom, if you get very far from home you may have to come in afoot or on horseback.

The correspondent from these diggings is very thankful to all who had the patience to read his "crumbs swept up." He has done his best, made some enemies and a few friends. Told the truth as he knew it and any one who convinced him of error always found him ready to correct. We are hoping the Clear Lake items will be of more interest in the future than in the past. Two men have come and demanded we insert their names no more. When questioned as to what they had done that they were ashamed of their names in print, they could not or at least would not tell.

1913 is only a history and 1914, a new born year, which holds our future destiny, is dawning. Let us sincerely hope he holds something more favorable for the Beaver county people in his twelve months reign than the year gave that has just passed.

It still remains cold and the snow doesn't seem inclined to leave very rapidly.

The folks had a letter from R. D. Thomas from Kiowa, Kansas, in which he states there is not as much snow at that place as there was in Beaver county when he went away last Tuesday and that the prospects for a wheat crop was much better there than here and we think we have fine prospects.

School began Monday again after one week lay off for the kiddies.

Mrs. Thomas is slowly improving. She is able to go about a little on crutches. It sure seems nice as she has been confined almost entirely to her bed for ten long weeks now.

The ladies of the Mothers' Club planned to execute a great surprise on Mrs. R. D. Thomas last Saturday, but owing to the inclemency of the weather there was only a few of the ladies ventured out and they surely did themselves proud in executing the surprise. The first intimation Mrs. Thomas had of the intended visit was when their president, Mrs. A. M. Gheen, came staggering in under her well loaded box of good things to eat, followed by Mrs. Armstrong and Mr. and Mrs. John Henson. A fine dinner and a pleasant time and no one enjoyed it more than Mrs. Thomas and it will long be remembered by her as a silver lining in her cloud of affliction.

Carl Nelson did not go to see his mother until Sunday. He started to Forgan Monday but concluded it was too cold and came back and waited until later.

Several of the farmers in this neighborhood have been losing cows from some kind of a fever. We heard of two dying just last week. Hope it may not prove to be epidemic as cattle are too valuable to lose nowadays especially milk cows that sell for from \$80.00 to \$85.00.

The sky is overcast today and looks as if we would have some more snow. I guess the S. D. Indians that predicted an open, mild winter without snow had better guess again by appearances now.

A letter to her friends here from Mrs. Hiltz from Clay Center, Kansas, where they are visiting Mr. Hiltz' people before going on to South Dakota to take up their residence, states they all have had colds and the weather there is just horrid, also that they had the misfortune to lose their polly parrot via the cold route.

Listen! for the wedding bells.

George Caskey bought eighteen acres of fine wheat of Ernest Runyon for \$35.00. That seems almost like finding a wheat crop.

Leland Riley seems to have the con-

tract of delivering the pupils to district No. 160 since the snow and a very faithful attendant to duty is Leland.

Robert Jackson says he is soon going to Clay Center, Kansas.
